**All Times are Pacific Time
Zone**

SATPAC Speech
458 W. San Ramon #102
Fresno, CA 93704-2366

Course Objectives

- To learn an efficient systematic way to remediate the most common speech sound disorders
- To learn appropriate facilitating contexts for various speech sound disorders and their rationale.
- To learn how to transfer the SATPAC Program and Approach by presenting real life case studies

Learning Outcomes

The workshop is designed to train the SLP to:

- Develop the ability to use the SATPAC Approach to remediate the most prevalent speech sound disorders
- Develop individualized articulation and phonology disorders treatment plans using the SATPAC Approach
- Develop specific treatment programs using case studies

----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

This course is offered for .3 ASHA CEUs
(Intermediate level, Professional area).

About **SATPAC**

"SATPAC is an amazing resource."

-Pam Marshalla

"SATPAC is a valuable tool..."

-Wayne A. Secord, Ph.D

SATPAC is an evidence-based computer program incorporating facilitating contexts, coarticulation and natural prosody. The program generates customized lists of non-words as well as real phrases and sentences leading to rapid remediation as shown in peer-reviewed studies due to the systematic nature of the lists.

Workshop Comments

"What a great time saver."

"This was probably the clearest, most functional presentation on artic./phonology I've seen in recent memory."

"I can't imagine improving on the info today."

"Too bad all workshops aren't this helpful."

"This was a great in-service."

"Your training was fabulous!"

"Wow, what a lot of work and thought you put into this program."

"What a useful product and approach."

"What a contribution to our field!"

"Great system. I have used it with success."
